EXPERIENCE

Software Developer

CODERZON Technologies Pvt Ltd

📅 April 2025 – present

- Designed and implemented scalable, efficient software solutions, improving application performance and user experience.

Mern Stack Development Intern

Zoople Technologies

📅 July 2024 – November 2024

- Write clean, efficient, and maintainable code for both frontend and backend development, ensuring high performance and scalability.
- Integrated third-party APIs and efficiently managed data handling with databases to ensure seamless application functionality.

Web Design Intern

Keltron Knowledge Center

📅 May 2023

- Proficient in HTML and CSS for creating structured and styled web content.
- Familiar with responsive design principles to ensure optimal user experience across devices.

PROJECTS

Blog Website

- Developed a full-stack blog website using React.js (frontend) and Express.js (Backend).
- Implemented JWT for user authentication and used Bcrypt to securely hash the password.
- Stored user data and blog posts in MongoDB, enabling CRUD operations through RESTful API endpoints.
- Deployed the application live on Render.

Nike Website Clone

- Designed and developed a fully functional e-commerce app clone using HTML, CSS, JavaScript, React.js, and Bootstrap.
- Implemented core functionality including multi-filtering, dynamic product display, shopping cart functionality, and user authentication.

EDUCATION

B.Tech in Computer Science and Engineering

APJ Abdul Kalam Technological University

📅 2020 - 2024

SKILLS

HTML CSS JavaScript React
Responsive Design JavaScript (ES6+)
Bootstrap Redux Tailwind css
Framer Motion Node.js Express.js
RESTful APIs CRUD Operations
API Development Next js Prisma
PostgreSQL JSON Web Tokens (JWT)
MongoDB Mongoose C Python

Other Tools

Git Postman Insomnia GitHub
Sanity

Soft Skills

Collaboration Problem Solving
Teamwork Communication
Adaptability Creativity
Time Management Motivation
Critical thinking

CERTIFICATION

- C Programming Certification
- Python for Datascience
- Certification in Mern Stack Development
